PROFESSIONAL SUMMARY

Hands-on experience in **software development, data analytics, and problem-solving**, with skills in SQL, Python, Power BI, React, and backend technologies. Experienced in building data-driven solutions, interactive dashboards, ETL workflows, and end-to-end applications, with exposure to Machine Learning and NLP. Strong ability to transform requirements and raw data into practical, user-focused solutions.

TECHNICAL SKILLS

Languages: Python, SQL, Java, JavaScript, HTML5, CSS3
Databases: PostgreSQL, MySQL, MongoDB
Data Analytics & BI: Power BI, DAX, Power Query, Excel, Data Cleaning, ETL, KPI Reporting, Data Modeling
Web Development: React.js, Node.js, Spring Boot, REST APIs, HTML/CSS
Machine Learning: NLP, Sentiment Analysis ;Tools & Concepts: Git, GitHub, VS Code, OOP, Data Structures.

PROJECTS

- Dark Pattern Impact Analytics & Trust Score System** *PostgreSQL | SQL | Power BI*
 - Analyzed dark pattern usage across major e-commerce and service apps (Amazon, Flipkart, Meesho, PhonePe, Zomato, Swiggy) to compute trust scores and classify risk levels. [Trust-score](#) | [Github](#)
- Truth Tracker – AI Fake News Detection Platform** *React | Spring Boot/Node.js | Python | ML*
 - Developed a full-stack platform aggregating live news across Indian states/districts, applying NLP and ML models to classify authenticity with confidence scoring. [Truthtracker](#) | [Github](#)
- Career Compass – AI Resume Analyzer** *Python | NLP | Machine Learning*
 - Built an AI-powered resume analysis tool generating ATS scores, skill-gap analysis, and personalized job/salary recommendations using NLP-based parsing. [Career -compass](#) | [Github](#)
- Smart Healthcare Management & Analytics Platform** *FastAPI | PostgreSQL | SQLAlchemy | React | Power BI*
 - Built a healthcare management platform with REST APIs for patient data management, database integration, validation, and layered backend architecture. [Smarthealth](#) | [Github](#)
- Power BI Data Analytics Projects** *Power BI | DAX | Power Query*
 - Developed multiple end-to-end Power BI dashboards, performing data cleaning and DAX-based analysis [HRdashboard](#) | [Github](#) , [Netflixdashboard](#) | [Github](#)

EDUCATION

B.Tech, Information Technology — Mahendra Institute of Technology, Namakkal 2023 – 2027 | CGPA: 8.6
HSLC (12th) — Govt. Hr. Sec. School, Periyakulathupalayam | 2022 – 2023 | 89 %
SSLC (10th) -- Govt. Hr. Sec. School, Vangappalayam | 2020 – 2021 | 90%

ACHIEVEMENTS & CERTIFICATIONS

- Secured 1st Rank in HSLC with 89% marks; participated in multiple technical symposiums and industry webinars/seminars.
- Power BI for Beginners – Udemy | Power BI Professional – Udemy | Learnathon 2024

LANGUAGES

Tamil (Native), English (Proficient)
